Anne,

Thank you so much for speaking at our recent Board Meeting. We enjoyed listening to your comments on the efforts at EPA to continue the regulatory reform efforts undertaken over the past several years. Our members appreciated your insights and in particular have told me how helpful it was to hear about how you are approaching states' efforts to develop implementation plans under the ACE rule.

Thank you for taking time out of your busy schedule to participate in our meeting and share your thoughts.

Paul is going to reach out to your scheduler to find a date we could meet with you in the near future. We look forward to serving as a resource to you and your efforts at the EPA. Do not hesitate to let us know if there is any information we can provide to support you.

**Thank you,
Michelle**
